Online Reference Sources

•General Encyclopedia

It is a free encyclopedia, provides users with more than 57,000 frequently updated articles from Columbia Encyclopedia, 6th edition. Each article is enhanced with links to newspapers and magazine articles as well as pictures and maps--all provided by High Beam Research.

•Technical Encyclopedia

For Experts and Novices, it is the premier source for computer concepts and terminology. Updated quarterly, this powerful, authoritative reference about the computer industry is available on CD-ROM for Windows and online.

•Encyclopedia Britannica

Encyclopedia Britannica is one of the world's most trusted sources of information on every topic imaginable - from the origins of the universe to current events and everything in between.

•Scholarpedia

This encyclopedia deals with computational neuroscience, dynamic systems, computational intelligence, and astrophysics. Scholarpedia is a free peer reviewed encyclopedia written by scholars from all around the world.

•MathWorld

This encyclopedia has incorporated everything from scalar algebra to quaternions to wavelets; point lattices to recurrence equations to umbral calculus; ergodic theory to population dynamics to polynomials, etc.

•Stanford Encyclopedia of Philosophy

This is a free online encyclopedia of philosophy maintained by Stanford JAMIA Hamdard. It endeavours to be a full-reference repository that encompasses every category within the realm of philosophy as a subject.

•Webster's Online Dictionary

It has more than 470,000 entries in its unabridged dictionary. It is an easy-to-use, advertising-free website designed especially for language enthusiasts. The dictionary is just the beginning of the ultimate unabridged experience.

•Dictionary .Com

Dictionary.com is a multi-source dictionary search service produced by Lexico Publishing Group, LLC, a leading provider of language reference products and services on the Internet.

To use the dictionary, simply type a word in the blue search box that appears at the top of every page and then click the 'Search' button. This will perform a search for the word in the several dictionaries hosted on the site. If you don't know how to spell the word, just guess. You will get a list of suggestions if you are wrong.

•Online Dictionary of Nanotechnology

Phone No. 0671-2352113, 2352213, Tele Fax-0671-2351918

E-mail: mailipt@yahoo.co.in / pharmaipt@rediffmail.com, Website: www.iptsalipur.org

INSTITUTE OF PHARMACY & TECHNOLOGY SALIPUR

AT / P.O. SALIPUR, DIST. CUTTACK, ODISHA, PIN-754202.

(Regd. No.5226/371/1987-88 of Societies Act. XXI of 1860)

(An ISO 9001:2008 Certified Institution)

Estd.:1982

Approved by All India Council for Technical Education, Pharmacy Council of India, & Govt. of Odisha.

Affiliated to Biju Patnaik University of Technology & Odisha State Board of Pharmacy, Odisha.

It is an online and "living" dictionary about nanotechnology. It was launched on the Web on March 2, 2002. It is updated weekly, with the adding of new entries (new discoveries, new concepts...) or the revision of existing entries. It is edited by Cyril Fievet, a computer engineer, who makes the design, the content and the webmastering of the site. Cyril Fievet is a freelance writer and the editor and publisher of RobotsLife.com, an electronic magazine about the robotics revolution.

•Computer Dictionary

It is a free online dictionary for words, phrases and abbreviations that are related to computer and Internet technology. It provides easy-to-understand definitions in plain language, avoiding the use of heavy jargon when possible so that the site is accessible to users with a wide range of computer knowledge.

•Medical Dictionary

It provides easy-to-read, in-depth, authoritative medical information for consumers via its robust, user-friendly, interactive web site. It has had a highly accomplished, uniquely experienced team of qualified executives in the fields of medicine, healthcare, Internet technology, and business to bring the most comprehensive, sought after healthcare information anywhere. It is the trusted source for online health and medical information.

•Dictionary of Medical Abbreviations

It has the world's largest online database of pharmaceutical and medical abbreviations - over 230,000 and growing. It is updated daily to include new acronyms and abbreviations and their meanings. It is free to use, allowing people to instantly look up meanings for acronyms and abbreviations from the fields of medicine, pharmacy, biotechnology, agrochemicals, healthcare and more.

It has also expanded its services to include a searchable database of Pharmaceutical Companies, Medical Associations and Hospitals.

•Dictionary of Geographical Abbreviations and Acronyms

This dictionary decodes abbreviations and acronyms found in various publications including maps and websites. These abbreviations or acronyms, therefore, are not necessarily authoritative or standardized in format or content.

•Open Directory

The Open Directory is the most widely distributed data base of Web content classified by humans. Its editorial standards body of net-citizens provide the collective brain behind resource discovery on the Web. The Open Directory powers the core directory services for the Web's largest and most popular search engines and portals, including Netscape Search, AOL Search, Google, Lycos, HotBot, DirectHit, and hundreds of others.

•Acronym Finder

With more than 550,000 human-edited entries, Acronym Finder is the world's largest and most comprehensive dictionary of acronyms, abbreviations, and initialisms. Combined with the Acronym Attic, Acronym Finder contains more than 4 million acronyms and abbreviations. New! You can also search for more than 850,000 US and Canadian postal codes.

•General Thesaurus

It is a searchable online version of Roget's Thesaurus of English words and phrases.

•Roget's thesaurus

This thesaurus is produced by Lexico Publishing Group, LLC, a leading provider of language reference products and services on the Internet. To use the thesaurus, simply type a word in the gold search box and click the 'Search' button. A list of synonyms and antonyms will be returned.

•World Atlas

World Atlas provides information about continents, countries, dependencies, islands, territories, lakes, rivers, seas, oceans, mountains, and the highest, lowest, biggest, smallest, tallest, deepest, oldest, youngest, richest, poorest places on the planet.

Online Journals & Books Medical Sciences & Allied Fields

Free E-journals

• Directory of Open Access Journals <https://www.doaj.org/>

This service covers free, full text, quality controlled scientific and scholarly journals. It aims to cover all subjects and languages. There are now 2636 journals in the directory. Currently 792 journals are searchable at article level.

The Directory aims to be comprehensive and cover all open access scientific and scholarly journals that use a quality control system to guarantee the content.

E-Journals on all Subjects

This database contains 700 free E-journals covering Subjects like Business & Management, Chemistry, Earth Sciences, Engineering, Environmental Sciences, General Works, Health Sciences, Information Technology, Library Science, Life Sciences, Material Science, Mathematics, Media and Communication, Physics & Social Sciences.

Free E-Medical Journals

Flying Medical Journals

There are 430 journals covering all branches of medical science. The site designed and developed by Flying Publisher.

• Hardin Medical Journals

The National Library of Medicine has recently made it possible to search in PubMed Medline for free full-text articles. They are using this new capability to provide subject searches in free PubMed journals for popular Hardin MD subjects.

• Geneva Foundation Med Journals

The Geneva Foundation provides free medical journal service to medical practitioners, Researchers, Students and others. Their database contains 64 free medical journal databases. Each database arranges large number of free journals alphabetically. Abstracts and full texts can be downloaded for use.

• UNIFESP Medical Journals

UNIFESP started free medical journal service since 1995. There are 70 free journal databases covering all areas of medical sciences. Each database contains list of free journals alphabetically. Free abstracts and full text articles can be downloaded from each journal as per requirements.

Free Medical E-Books

Full Text Medical Books

Over the next few years, many important medical textbooks will be available online, free and in full-text. The unrestricted access to scientific knowledge will have a major impact on medical practice. FreeBooks4Doctors! is dedicated to the promotion of free access to medical books over the Internet.
